RELEASED.—About a couple of years since one F. E. G. Lindsey, known as the Egyptian corn man, was tried before Judge Rives of the United States District Court, at Abingdon Va., for robbing the mail while postmaster at Raven's Nest, Washington county. He was arrested by Captain John Frey of the Post-office Department, and being convicted before the court, was sent to the Albany penitentiary for ten years. Before his case was moved to the western district Lindsey underwent several trials in this city before the late Judge Underwood, in the last one of which he was convicted. Before sentence his counsel asked for a new trial, which application was supported by an address of the prisoner and granted by Underwood. The prisoner thereupon, to show his gratitude, rushed to where Underwood was sitting, fell on his knees and embraced and kissed him. The scene, as may be naturally expected, created a great commotion in court and out. When the trial occurred it took place under Judge Rives, and the accused went to the penitentiary. When prisoner returned a short time since to his home in Washington county he found that his wife had f. w. to parts unknown with a sewing-machine peddler, which he is said to regard as the most unendurable of all his woes.—*Richmond Enquirer.*

LUMBERMEN'S CONVENTION.—A Convention of Southern lumbermen, representing the States of Virginia and North Carolina and Maryland, met at Norfolk, Va., on Thursday. The Convention was found to represent mills whose daily product of lumber aggregates over 400,000 feet. A resolution was unanimously adopted to the effect that in view of the fact that yellow pine lumber cannot be sold at present, except at ruinous prices, owing to the fact that a supply greatly in excess of the demand has been and still is being shipped to market, with instructions to sell, and the price left to the discretion of the commission merchant, it is therefore the sense of this Convention that shipments should hereafter be made sparingly, until such a time as there shall be an increased demand, and manufacturers now having lumber in market awaiting sale, or shipping hereafter, instruct their commission merchants to make no sale of yellow pine lumber until it can be sold at a price affording a living profit. The Convention adjourned to meet again on September 3d.

DESTRUCTIVE FIRES.—Nearly two hundred places of business in Muskegon, Michigan, mostly wooden structures, were burned on Saturday morning. The best portion of the town, including the mills, escaped. The losses are heavy and the insurance light. In Salem, Ind., a block of three-story buildings was burned, including Peck's dry goods store, Mitchell's store, Dawson Lyon's dry goods house; hall of a benevolent society, lawyers' office, &c. Loss \$100,000. Dawson Lyon's store was robbed of \$16,000 in government bonds and \$2,000 in cash, and the fire was evidently intended to conceal the robbery. Three frame houses were burned in East Louis on Saturday. Loss \$5,000. At Bathurst, N. B., a saw mill was burned, and a young man named Halton perished in the flames. At St. Thomas Ontario, five warehouses of the London and Port Stanley railroad and a private dwelling were destroyed.

A REPUTATION ABROAD.—The following is from the New York Evening Post of Thursday: The English Churchman gives its readers a questionable bit of information. It describes a "reception" of Mlle. Patti at Richmond as follows: "The 'Queen of Song,' Patti, lately received in the city of Richmond, in the United States, a reception worthy of royalty itself. Her entry into the city was announced by salvoes of artillery. The corporation went in state to meet her. A procession, in which the army and navy were represented, conducted her to the building in which the State Legislature sits."

This is decidedly "rich." What will the British bondholders think of us when they read this precious "bit of information" in one of their religious journals? Patti has not been to Richmond for fifteen years.—*Rich. Whig.*

POISONED.—A Lexington correspondent of the Richmond Dispatch says: A few days ago there occurred a case of poisoning at a farm house not many miles from Lexington. It seems the gentleman's daughter was detected in a correspondence with a young man of questionable character. The young girl is about nineteen years of age. The father, it is said, called his girl before him last Sabbath and gave her a whipping. On Monday she secured some strychnine, which her father had about the house, and put it into his coffee. At once he was seized with convulsions. Fortunately a physician was passing at the time, and being called in was able to relieve the sufferer. He is now doing well. The family is of good connections.

That wealth does not always bring peace of mind, comfort, and contentment is illustrated by the startling suicide of a millionaire, W. B. Bourne, at San Francisco, California, on the 24th ult. "He was a man," says the Alta California, "widely known throughout the State, having been engaged in enterprises of every description from White Pine to the Colorado. For the last few years, his actions, always eccentric, have seemed to border on insanity, but his natural shrewdness prevented his making any serious losses. He died a man of immense wealth, leaving a wife, son, and several daughters."

IMPORTANT TO KEEPERS OF ORDINARIES. Some persons who have ordinary licenses only, are under the impression that they have the right to sell by the quantity, say by the bottle, demijohn, or keg. This impression is erroneous, as can be seen by reference to the Act of the Assembly passed April 30th, 1874, which says: "A license to keep an ordinary shall not be construed to authorize the sale of wine, spirituous or malt liquors, to be drunk elsewhere than in or at such ordinary."

AN ARMY OF FROGS.—A gentleman living on Staunton River, near Carter's Island, informs the Bedford Sentinel that that section is literally covered with frogs, varying in size from a grain of corn to usual size. These frogs jump from the river on both sides, striking out through the country for miles, destroying in their march the millions of chinch-bugs that line the fields.

DRUGS AND CHEMICALS.

Nearly all diseases originate from Indigestion and Torpidity of the Liver, and relief is always anxiously sought after. If the Liver is regulated in its action, health is almost invariably secured. Want of action in the Liver causes Headache, Constipation, Jaundice, Pain in the Shoulders, Cough, Chills, Lippiness, Sour Stomach, bad taste in the mouth, bilious attacks, palpitation of the heart, depression of spirits, or the blues, and a hundred other symptoms, for which the SIMMONS' LIVER REGULATOR is the best remedy that has ever been discovered. Its mild, yet effectual, and being a simple vegetable compound, can do no injury in any quantities that it may be taken. It is harmless in every way; it has been used for FORTY YEARS, and hundreds of the good and great from all parts of the country will vouch for its being the purest and best.

SIMMONS' LIVER REGULATOR, OR MEDICINE.

Is harmless.
Is no drastic violent medicine.
Is so to cure if taken regularly.
Expected, created, a great commotion in court and out.
Is a faultless family medicine.
Is the cheapest medicine in the world.
Is given with safety and the happiest results to the most delicate infant.
Does not interfere with business.
Does not disarrange the system.
Takes the place of Quinine and Bitters of every kind.
Contains the simplest and best remedies.
